ROB GOES TO THE ISAME SEMINAR; MAKING CYBER SECURITY ACCESSIBLE TO EVERYONE

Rob our Senior Project Engineer recently took a trip to London to attend the ISAME Making Cyber Security Accessible to Everyone event.

The talk covered the recent changes to Cyber Essentials and the improvements that ISAME is making to enhance security. It was vital for Rob to attend this event as he is one of our qualified Cyber Essentials assessors.

Attending these type of events ensures Unite are always informed of potential changes to the scheme which would affect how we support & guide our customer to receiving their certification.

If you would like to learn more about the Cyber Essentials scheme or how we can help visit our website today!

INFLO - GLOBAL GATHERING

Inflo are one of Social+'s global clients. Last week, Emma & Rachel, attended their Global Gathering taking place in Newcastle. It was a great opportunity to meet lots of the team in person and hear about the plans Inflo have in place for 2023!

Inflo is a cloud-based software platform that provides audit and assurance services to accounting firms and their clients.

Inflo's software is designed to automate and streamline various aspects of the audit process, including data collection, analysis, and reporting. It uses advanced data analytics and visualisation tools to help auditors identify potential risks and anomalies in financial data more efficiently and effectively.

OUR TEAM EXPANDS ONCE AGAIN!

In the last month here at The Unite Group, we have welcomed 2 new team members to our ever-expanding team!

Carl has joined us as our new Helpdesk Supervisor. Carl will be managing the Helpdesk team to ensure we continue to provide quick and efficient service to all our customers.

Nic has joined us as a project engineer. Nic will spend a lot of his time out the office, on customer sites, installing new equipment and assisting with any faults.

We are sure both Carl and Nic will excel in their new roles and we would like to welcome them to the Unite team.

The Social+ team is also currently expanding, they have an opening for a Digital Marketing apprentice.

If you are interested visit their page to find out more or apply!

Intro to Cyber Security- 29th March 2-3pm

Here at The Unite Group, we are always looking for ways to best educate our customers. Therefore, this month we are providing a FREE webinar on the basics of Cyber Security and why you should consider obtaining a Cyber Essentials certification.

With cyber-attacks on the rise, it has never been more important to ensure your business has the basic levels of protection in place. Did you know achieving a Cyber Essentials certification protects you from 80% of the most basic cyber threats!

Can you afford not to protect your business?
