ELEVATE YOUR TEAMS COMMUNICATION

FLIPPING TO GLORY

Here at The Unite Group, we love to celebrate our client's successes!

Recently our client, North East Gymnastics Academy, had 4 teams qualify for a space at the British Championships. After what has been described as an exciting but tough competition we are pleased to announce 2 of their teams came away with a medal! Their Integrated Micro Team placed a fantastic 3rd place and their Youth Team came 1st making them the 2023 Youth Mixed British Champions!

We would also like to congratulate our client, Tumble Gymnastics, who also had a team take part at the British Championships who placed a very respectable 4th place in the close Youth Mixed competition.

Well done to all, it is fantastic to see so many local gymnasts flying the flag for the North East.

Upcoming Events

Here at The Unite Group, we are the proud sponsors of Network+ events. These networking events are the perfect opportunity to find new potential opportunities.

The next event will take place on Thursday 7th September at The Maldron Hotel from 9:30 am-11:30 am.

Join us for this FREE event and enjoy tea & coffee with the chance to mix with local like-minded businesses.

Come along and have a chat with some of our team!

CLIENT SPOTLIGHT - MISTRAL HOUSE

Mistral House offers affordable workspace solutions without compromise. Their newly revamped centre boasts modern and well-designed office space with full air conditioning and lightning-fast connectivity with high-speed Cat6 data and a gigabit leased line courtesy of The Unite Group.

Mistral House caters to local businesses seeking more than just office space. Their versatile meeting and training rooms are ideal for collaborative sessions. Elevate your professional image with their personalised virtual telephone answering services, giving your business the support it deserves, or simply opt for a registered mail-only address to separate your work life from your home.

We have worked with the owner for over 10 years providing comms & internet in their buildings and we look forward to continuing this great partnership in the years to come!

SHARE THE BEST OF YOUR BUSINESS

Our in-house Digital Marketing team, Social+, recently conducted a content day for our client, Michelangelo's.

Michelangelo's has a fantastic restaurant & a great offering of rooms for overnight stays in Newcastle. Rachel & Caitlin got behind the scenes at the venue, capturing content to elevate their social presence. This content day involved capturing a range of photos & short videos to use on their social platform.

Did you know social audiences typically engage best with images that showcase your team? Therefore, we recommend where possible you avoid using stock imagery and instead best utilise your team.

Social+ can offer you the opportunity to create content suitable for social media or full social media management packages.

Contact us today if you would like to increase your social presence!

Are you best utilising Teams?

Unlocking the Power of Microsoft Teams Calling - Tuesday 26th September

ELEVATE YOUR TEAMS COMMUNICATION & COLLABORATION

For all businesses, effective communication is the cornerstone of success. With remote work becoming more prevalent, the need for seamless and efficient collaboration tools has never been greater. Microsoft Teams, a leading platform in this domain, offers a robust solution that combines cloud hosted phone systems and team calling to enhance communication.

With Teams Calling, users can effortlessly make and receive calls directly within the Microsoft Teams app. This integration streamlines the communication process by consolidating all interactions, messages, and calls in one centralised platform.

The result? A more organised and efficient workspace where teams can effortlessly switch between messaging, video conferencing, and voice calls.

Teams Calling addresses the unique challenges associated with distance and diverse time zones. The ability to make high-quality voice and video calls fosters a sense of virtual presence, making it feel as if team members are working side by side. Teams Calling goes beyond traditional phone systems by offering features that boost productivity. Features like call forwarding, voicemail transcription, and integration with Microsoft AI services allow teams to work smarter.

If you would like to improve your company's communication both internally & externally, contact our team today and we'd be happy to discuss how we could integrate Microsoft Teams into your workplace. Call us today on, 0191 466 1050. Alternatively, visit our website to learn more about cloud hosted phone systems & cloud calling.
